# "Your Trusted ASEAN Security Service Provider"

## About Us

# COMPANY PROFILE

Pacific Tech is a Value Added Distributor, providing Cyber Security, Data Protection, Managed Security Services and IOT Security solutions to various market verticals in the APAC region. Pacific Tech has also received numerous awards in ASEAN and APAC from most of the vendors which we distribute. We have won awards from Extreme, Kemp, Thales, Radware, Sophos and Fortinet for the Top Distributor for Singapore as well as ASEAN and APAC Distributor Partner of the Year Award.

We have also been recognised as Fortinet's Managed Security Service Provider (MSSP) of the Year 2014 since we started our MSSP business. We at Pacific Tech believes in providing Top Class Service by combining our strong technical knowledge & industry leading products from our Cyber Security, Data Protection, Managed Security Services and IOT Security vendors.
